BICC

A D P Personnel Data Systems, Inc.
342 Madison Avenue
New York, N. Y. 10017

Gentlemen:

In accordance with our continued fine relationships, it is the pleasure of the BICC to assist your organization in bringing about an effective use of the Cleff Matching System in the City of Newark as applied to the year pilot study program out of the Office of Economic Opportunity.

The background and familiarity of BICC with the system plus BICC's historic job and training placement effectiveness will enable us to expand to your needs quickly and efficiently training required staff as appropriate. We shall maintain records for at least two years after completion of the project and will be available upon request.

We look forward to an early entry into the program in high gear and without the traditional months of developmental and structural delays.

Sincerely,

Roland E. Stewart
Executive Director
